

### **CALIFORNIA JPIA WORKSHOP DESCRIPTION**

Required by Cal-OSHA Construction Safety Orders §1593, this workshop is a review of truck and workplace hazards, equipment inspection, safe operating procedures and a review of Cal-OSHA operating rules. Certification is offered upon completion of a written test, demonstration of proficiency, and evaluation of safe operating procedures of a backhoe.

### **THE FOLLOWING TOPICS WILL BE COVERED**

- Backhoe dynamics
- Cal-OSHA regulations
- Backhoe operating techniques
- Hands-on operation

### **WHO SHOULD ATTEND**

Public Works Employees, Public Works – Water/Sanitation, Public Works – Street Maintenance

### **PRESENTED BY**

#### **Steve Damewood, Damewood Consulting Group**

Steve Damewood is an independent consultant for both private and public agencies. He has more than 30 years of experience in occupational safety and health. He has served as a safety manager with a local oil refinery and a large construction company. Steve is a designated expert witness in both civil and workers' compensation courts, a registered safety administrator, and has a certificates in Occupational Safety and Health from Orange Coast College, and Personnel Management from UC Irvine.
